Program Guidelines

To ensure you receive the best possible service, please follow these guidelines.

We only pickup natural waste; including grass, leaves, tree limbs, flowers, garden plants, walnuts, apples, Christmas trees, etc. We cannot pickup any trash or construction materials with your compost service. If bags contain trash, multiple bags or foreign material, they will be left at the curb.

Service location and time— Please have your bags/items placed at the curb by 7:00 the morning of your service day. Bags behind cars, buses, etc. may be missed. Items must be accessible from the street. Services are not intentionally missed, so please contact our office by phone the following day to be considered a miss.

Packaging and item preparation—The maximum weight of any single bag must not exceed 50 pounds. All bags must be securely closed.

Brush must be tied into bundles 18"X36" long. Tie securely with rope or twine—not wire. Maximum log size is 6" in diameter. Please mark all items with thorns for the safety of our driver. Plastic bags of any kind are not accepted and will be left behind. Christmas Trees are the only items that do not require bundling or packaging. Please cut Christmas trees over 6' in length, in half. Small cardboard boxes may be used provided they are no larger than the size and weight limits defined above. We suggest boxes for fruits, small brush, wood or items that may easily break a paper bag during removal.

Program enrollment—Upon pre-paid receipt of your payment, you will be enrolled. Your enrollment fee qualifies you for service as described herein for a 12-month program. Cancellation of service, other than for repeat and documented service concerns will not be refunded. You will be notified by mail 30-days prior to expiration of your enrollment period and provided an opportunity to enroll for the next 12-month period.
